COVA TRAX WEB PORTAL SUMMARY

COVA Trax, the Department of General Services, Division of Real Estate Services integrated workplace management system, is used to administer and manage the Commonwealth's real estate portfolio and efficiently maintain its real estate records.

The COVA Trax Web Portal has the ability to streamline the Commonwealth agencies' annual real estate reporting requirements and is accessible to users as of July 2025. It allows agencies to review and update their existing real estate records and add new records directly into the COVA Trax Web Portal. This simplified system allows for more consistent and accurate reporting to the General Assembly, while reducing overall administrative duties.

REPORTING REQUIREMENTS

The General Assembly mandated through the Code of Virginia and the Appropriations Act that agencies who own or lease real estate must report certain information to DGS on an annual basis. DGS consolidates and presents this information in a summary report to the Governor and General Assembly in November of each year. The consolidation of real estate records into one database helps DGS better track, manage and maintain records for the Commonwealth's real estate portfolio.

LAND USE PLAN (LUP) AND M-R FIX

The Code of Virginia Section § 2.2-1153 requires each department, agency and institution to submit to DGS a Land Use Plan (LUP) for the state-owned property in its possession or has under its control. The LUP must show present and planned uses of such property and must include ***a recommendation on whether any property should be declared surplus*** by the controlling department, agency or institution. Also, for the same state-owned property, agencies need to answer survey questions for M-R FIX which is an application used to determine the "relative age" of buildings and infrastructure and to calculate the amount of maintenance reserve funds needed to restore capital assets. This information is due to DGS each year by **September 1st**.

NON-DGS/AGENCY ADMINISTERED LEASE (NAAL)

Section 4-8.01e.2 of the Appropriations Act requires each agency that controls leased property, where such leased property is not under the DGS lease administration program, to report to DGS on each leased property. Specific data included in the report shall, at a minimum, include the following: ***the number of square feet occupied, the number of employees and contractors working in the leased space, if applicable, and the annual cost of the lease***. This information is due to DGS each year by **October 1st**.

UPDATES FOR THIS YEAR

For this reporting period, there are no new changes. Last year, there was a request for agencies to review their owned property to determine if it could be further utilized to promote clean energy. To revisit from last year, DGS added supplemental questions to the Portal (outlined below).

Questions relating to Underutilized and Excess Property:

DGS added three questions to the Land Use Plan area of the reporting portal:

- **Could a portion of the property (land, rooftops, parking lots, etc.), be leased to private parties for renewable energy production (e.g. solar/wind)?**
Please answer Yes or No.
- **Would the owner consider third-party installation of solar panels on any existing structures?**
Please answer Yes or No.
- **Would the owner consider leases to provide privately operated EV charging stations?**
Please answer Yes or No.

There are no new changes to the NAAL section of the portal or to the MR FIX spreadsheets.

ADDITIONAL TIPS

- VITA supported browser for this platform is Google Chrome. If you experience any issues with screens not displaying properly, please make sure you are using Google Chrome and not Internet Explorer (IE).
- **Do not** use your browser's **back** and **forward arrows** to return to previous windows, instead navigate through the system using the top menu bar at the very top of the screen.
- **To avoid losing your work**, make sure to **SAVE** your work **before** uploading documents. After you hit the **SAVE** button, your screen will return to the **Search/Summary** page. Reopen your site/lease record and resume uploading your documents. You will see a **date/timestamp** on the right side of your screen once it is properly uploaded. *See User Guide Instructions on Uploading a Document.
- If you require any assistance completing your M-R FIX spreadsheet for EO 24 or other areas, please contact Ron Semel at ronald.semel@dgs.virginia.gov. ** If your agency has not yet completed EO 24 questions for **existing** buildings, please reach out to Ron Semel for direction before updating your spreadsheet this year.

ACCESSING THE COVA TRAX WEB PORTAL

Those employees of Commonwealth agencies, who previously were responsible for submitting annual reports for Land Use Plans and Non-Administered Leases to DGS, will be given access to the COVA Trax Web Portal. If someone else in your agency needs access, please send the request to DGS at DRES-info@dgs.virginia.gov

Web Portal Questions

DGS appreciates your agency using the COVA Trax Web Portal to submit your required annual report(s) by the following deadlines:

- **Land Use Plans & M-R FIX:** Monday, September 1, 2025
- **M-R Fix Property Records Spreadsheets:** Monday, September 1, 2025
- **Non-Administered Leases:** Wednesday, October 1, 2025

In addition to this user guide, the following resources can provide additional help in using the COVA Trax Web Portal:

- **Email:** At any time you may send your questions to DRES-info@dgs.virginia.gov
- **Call:** You can reach the Records Manager during regular business hours (Monday through Friday 8:30 AM – 5:00 PM) or by leaving a message at (804) 225-4018.

Step 1: Log in

New Users:

You will receive an email from DRES-info-server@dgs.virginia.gov with the link to the COVA Trax Web Portal, which will prompt you to set up your password. Your user name is your email address. Once you have keyed in your password, click **“Reset.”**

Existing Users:

You will not receive an email this year. Please use the same login credentials as last year.

Here is the link to the website: <https://covatrx.dgs.virginia.gov/Account/Login>

Your user name is your email address. At the Login Screen, if you do not remember your password click on **“Forget Your Password?”** to reset. Enter your email address and hit **Submit**. You will receive an email from DRES-info-server@dgs.virginia.gov with a link to reset your password.

Step 2: Select “Land Use Plans” on the COVA Trax Portal Welcome Page

Step 3: Review your agency’s list of existing Site records in preparation for Agency Land Use Plan submission

A listing of your agency’s existing Land Use Plan(s) (LUP), also referred to as “Site record(s)”, can be viewed on the Land Use Plan Search page. You must open and answer the land use survey questions for each Site record individually. You can export your agency’s list of Site records into an Excel spreadsheet by clicking **“Export Site Records”** to review all data before and/or after making any changes.

Use the following **Search** fields found at the top of the **Land Use Plan Search** page to search or filter on your agency's Site record. Search fields are not case-sensitive and you can enter all or any portion of an ID or text. To clear Search field criteria, click on the **Reset** button.

- **Name** - COVA Trax Site record name (Enter all or any portion of the text to search)
- **Site ID** - unique ID for the Site record assigned by COVA Trax (e.g. S-000001)
- **City** - city where owned Site is located
- **Agency User Status** - you can search two (2) ways using this field:
 - Empty Status – Site records that need to be reviewed and updated by the Agency
 - Ready For Rec Mgmt. - means the agency updated the Site record and it is ready for DGS Records Management review
- **Agency Code** - State agency code based on the ownership of the property.
- **Site to Include** - Use this function to filter by "new" or "existing" Site records.
- **FIPS Code** - Federal Information Processing Standard Code (FIPS) or Region/Locality code
- **Rec Mgmt User Status** - utilized by DGS only

Click **"Search"** to retrieve the Site records or **"Reset"** to clear the fields and start a new search.

From the **Land Use Plan Search** page, **double click** on the Site Name listed in the search grid to view an individual Site record. The **Land Use Plan – Site Record Update** page for that Site record will open for you to make your annual updates.

*****If you answer "YES" to structures planned, added or demolished OR land acquired or disposed, you must upload a new Site Plan. If uncertain as to your agency's current Site Plan on file with DGS, please contact DGS by email at DRES-info@dgs.virginia.gov or by phone at (804) 225-4018.***

- **At this site, is there any space on antennas, roof-tops, other structures, or available vacant land suitable to locate wireless broadband equipment?:** Answer "yes", "no", or "n/a". *If yes, please enter the location in the **"Identify Potential Location(s)"** comments box.*
- **Any land acquired?:** Answer "yes" or "no". *If you answered "yes," a box will appear asking for the new Total Acreage after the acquisition (e.g. if originally the Site acreage was 100 and 20 acres were purchased, enter here 120 acres) Acreage for the newly acquired land is stated in the deed, please upload a copy of the recorded deed in the Upload Documents section unless the transaction was managed by DGS*
- **Any land disposed?:** Answer "yes" or "no". *If you answered "yes," a box will appear asking the new Total Acreage after the disposition (e.g. if originally the Site acreage was 100 and 20 acres were sold, enter here 80 acres). Acreage for the sold land is stated in the deed, please upload a copy of the recorded deed in the Upload Documents section unless the transaction was managed by DGS.*
- **How many new easements have been recorded at this site?** Provide the number of new easements entered into in the last fiscal year (for the period of July 1, 2024 through June 30, 2025). Enter "0" if none. ****Please upload the recorded deed of easement(s) in the Upload Documents section unless the transaction was managed by DGS.**
- **Are there any Infrastructure repairs or replacements anticipated?:** *If yes, please enter needs and estimated cost in the **"Infrastructure Needs"** comments box.*
- **Are there any environmental concerns affecting the Site?:** *If yes, please enter in the **"Environmental Concerns"** comments box.*

- **Does the Site have access to Utilities?:** If yes, please select which utilities that apply: 1) *Water*, 2) *Sewer*, 3) *Electric*, 4) *Natural Gas* and 5) *Telecommunications*.
- **Could a portion of the property (land, rooftops, parking lots, etc.), be leased to private parties for renewable energy production (e.g. solar/wind)?**
Answer "yes" or "no".
- **Would the owner consider third-party installation of solar panels on any existing structures?**
Answer "yes" or "no".
- **Would the owner consider leases to provide privately operated EV charging stations?**
Answer "yes" or "no".
- **Agency Surplus Designation:** Please refer to the "Site Status" field at the top of the Site record for the current status of the Site as determined by last year's reporting. If the designation changes from an "underutilized" or "surplus" status to "in use", then please provide a brief explanation for this status change in the Comments Box. Choose whether the property is **In Use, Future Use, Surplus-Entirety, Surplus-Portion, or Underutilization** - if you identify the site as "Surplus-Portion," please provide an updated land use site plan - please identify the portion of the property you consider to be the surplus portion and upload the updated land use site plan in the Upload Document section.

Step 4: Add a new LUP

If a Site record is not listed on your agency's grid that means the Site record does not exist in COVA Trax and must be added by your agency. If you need to add a new LUP, click on "Add New" on the **Land Use Plan Search** page.

LUP Site Plan

- For newly acquired property or other owned property not listed, or if **you have answered YES to structures planned, added or demolished or land acquired or disposed, you must upload a new Site Plan.** If uncertain as to your current Site Plan on file with DGS, you can obtain a copy via email at DRES-info@dgs.virginia.gov or call DGS at (804) 225-4018.

A LUP consisting of the following should be uploaded (see examples below):

1. A Site Plan showing:

- The agency name, the tract or campus name, the acreage, the longitude/latitude, the locality name, a graphic scale, and a north arrow.
- Existing buildings with names, roads, parking lots, major pedestrian avenues, archeological sites, historic landmarks, timber management areas, and areas leased for mineral extraction.
- All land uses must be shown, including buffer areas, agricultural uses, and areas under forest management (on a facility site), floodplain areas, and areas leased to others for management.
- Future development plans showing development as envisioned by the agency's six year capital plan, including proposed buildings, roads, parking lots and major pedestrian avenues, and proposed property boundaries, whether expanded or reduced. **Future facilities (planned) will be crosshatched or clearly identified by some other technique.**
- Additional land proposed for acquisition to expand the facility, showing the location and the proposed use(s).
- Indicate any buildings planned for demolition or other removal.
- If the property or any portion thereof is not being used and is not planned for future use, then indicate the location and acreage and include an evaluation whether it should be identified as surplus property.
- The scale of the plan shall allow for easy identification of the details and features. Normally a scale of 1" = 500 ft. is sufficient.

2. The approval of the cognizant board or governing body of the department, agency or institution of the LUP (or the agency head in the absence of a board or governing body), along with a recommendation on whether the property should be declared surplus by the department, agency or institution.

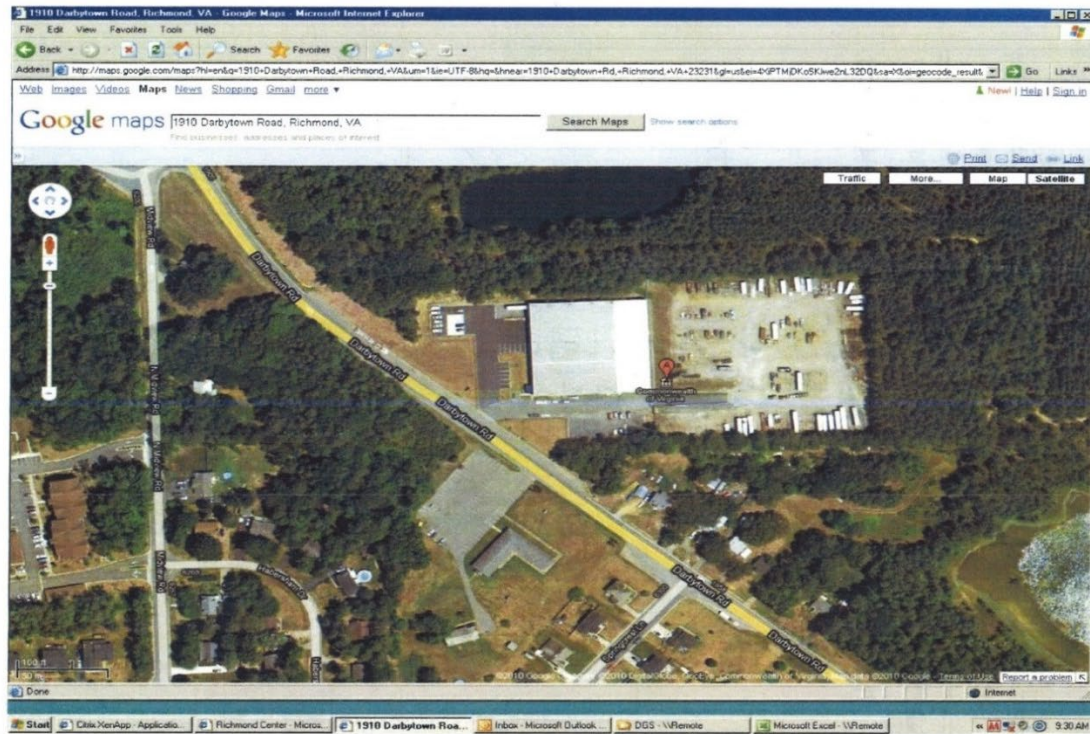

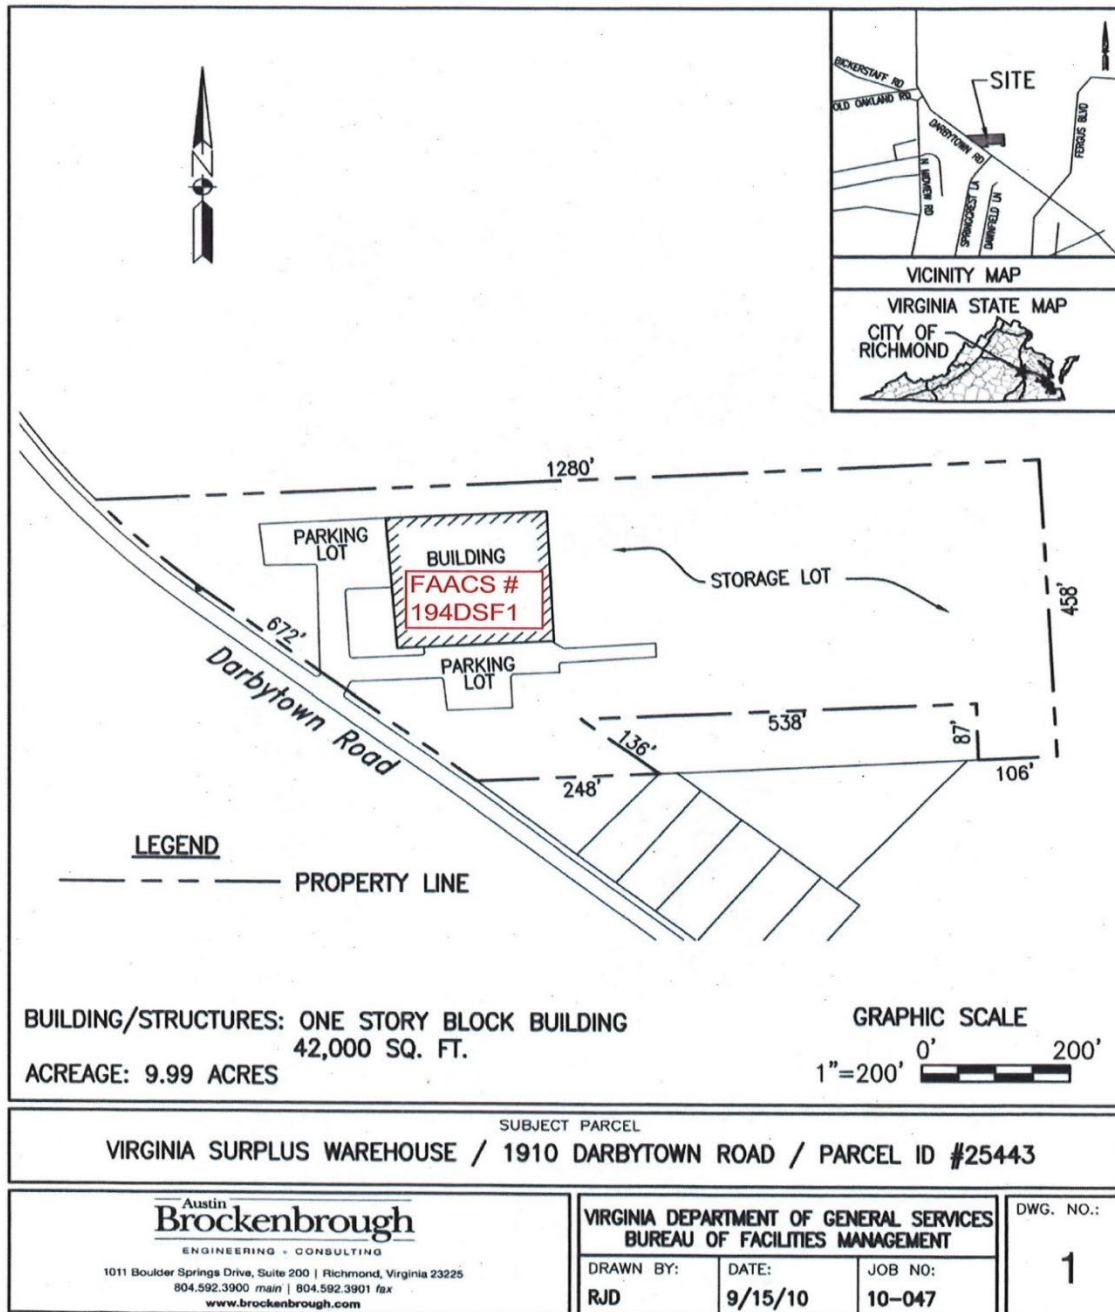

EXHIBIT A

Step 6: Review, verification and updating of existing Site records and adding any new Site records must be completed by close of business on Monday, September 1, 2025.

DGS must set a deadline in order to complete the mandatory reporting due to the requirements of the General Assembly. Please update all site records by close of business on **Monday, September 1, 2025**. After that time, the COVA Trax Web Portal LUP access will be closed. DGS is required to report on behalf of all agencies; therefore, non-responses will be noted in the report.

The header includes the VA logo, the text "COVA Trax Web Portal", and a link "An official website of the Commonwealth of Virginia Here's how you know". A "Find a Commonwealth Resource" link is also present. The main content area has a blue background with a grid of four images. The top-left image is a login form with fields for "Name:" and "Password:", a checkbox for "I'm not a robot", a "Login" button, and a link for "Forgot your password?". A callout box on the left points to the "Name:" field with the text: "Enter your username (your email address) and password then click Login". The top-right image shows architectural plans and a color palette. The bottom-left image shows the Virginia State Capitol building at night, with the word "MANHATTAN" at the bottom. The bottom-right image shows the COVA Trax logo and the text "Virginia's Real Estate & Assets Management System". A callout box on the right points to the "Forgot your password?" link with the text: "If you forget your password, click 'Forgot your password' to reset it". Search Options

The screenshot shows the 'Land Use Plan Search' interface. At the top, it says 'DUE DATE: LAND USE PLAN RESPONSES BY 9/1/2025'. Below this are search filters: Name, Site ID, City, Agency User Status, Agency Code, Site To Include, FIPS Code, and Rec Mgmt User Status. There are 'Search' and 'Reset' buttons. Below the filters is a table with columns: Last Update, County, City, Agency Status, and Rec Mgmt Status. The table contains several rows of data, including 'RICHMOND', 'PRINCE GEORGE', 'CHESAPEAKE', 'WYOMING', 'JOHN WILLIAMS', 'NORFOLK', 'FREDERICKSBURG', 'DANVILLE', 'BLANCKS', 'SARASOTA', 'SUSANVILLE', 'SCOTTSDALE', 'MECHANICVILLE', and 'STERLING'. The 'STERLING' row is highlighted, showing 'LOUDOUN COUNTY - 107' and 'READY FOR REC MGMT'.

Step 4: Update your agency's list of existing M-R FIX Site records

You will notice you cannot make changes in the top section titled “M-R FIX – Site Infrastructure Updates.”

M-R Fix Site records must be updated in the “Infrastructure – Details requested for Maintenance & Reserve budgeting, responses due by 9/1/2025” section. Responses are due by September 1, 2025.

*To avoid losing your changes, be sure to **click on ‘Save’** to close the record and return to the Search page. **Reopen** your record to make any additional changes.*

****Important Note: If there are no changes, please make sure you OPEN the record and click SAVE so that DGS knows that you have reviewed the record.***

ADDITIONAL INSTRUCTIONS

This year we continue to ask agencies to provide additional information in regards to state-owned property and the infrastructure systems at each Site. We are also requesting that agencies assist in verifying records in our system of improvements on each Site and to answers questions regarding date of construction and the age of building systems. Agency responses will be stored in COVA Trax and will be used by DGS’ Bureau of Capital Outlay Management (BCOM) for a new method of determining agency allocations of maintenance reserve funds.

The infrastructure questions will display and export within each Site record. Previous answers will be saved to the form. See below for instructions.

A spreadsheet listing improvements (aka Property records) on each Site for each property can be found on the M-R FIX Site Search Summary screen (there will be a link to download and a link to upload when completed.) We are asking Site Infrastructure questions and Property spreadsheets be completed by **September 1**.

Infrastructure questions within each Site record

In each Site record, in the section labeled “Infrastructure - Details requested for Maintenance & Reserve budgeting, responses due by 9/1/2025”, complete the following:

- 1: Select from the pick lists the Nearest Major Location to the Site and the Site Condition.
- 2: Review the list of infrastructure types. If the infrastructure type does not exist for the Site, select “No” for the Our Campus Has This Infrastructure question and leave the other two (2) questions blank. For Age of System, please use the following instructions to determine what date to enter here: Using institutional records and knowledge enter the date, e.g. (07/01/1998) that reflects the actual age or the average age of system as a whole. For example, for the average age: if half the system is 30 years old, and the other half is 10 years old, enter a date that is 20 years ago.
- 3: Provide the total, combined count of the 3 different Charger types at all electric vehicle charging stations on the site. If none, please enter 0.

4: Provide any more information that may be of use in the 'Comments' box at the top.

5: Repeat for each existing and newly-added Site record.

****Important:** To avoid losing your work, make sure to **"SAVE"** before uploading any documents. After you click **"SAVE"**, you will be redirected to the SEARCH/ SUMMARY screen. Reopen your M-R Fix site record to make additional changes and/or **UPLOAD** documents.

Step 5: Reviewing and updating spreadsheet listing improvements (aka Property records) on each Site

At the **M-R FIX Site Search** page, in the middle section labeled **"Property records with each Site - verify and submit spreadsheet by 9/1/2025"**, click on the **'Download'** link to export a spreadsheet of your agency's listing of all improvements for each Site.

Note: If you do not see your download file, click the Expand/Hide button.

Open the file in Excel and provide values/responses for all highlighted columns.

Please note the following:

1. This report includes a listing of all improvements on the property. If it is a Building and the Primary Functional [use] Group selected does not equal "Other", please answer the "Age of System" for all systems listed in the Building Systems columns.
2. If there is only 1 functional use for the building, select the use in the Primary Functional Group column and skip the column for Secondary Functional Group.
3. If Use Group is "Office Building" or "Storage -Warehouse" (SF \geq 2,000), please provide a head count (employees plus contractors).

4. If you select “Other” in the Primary Functional Group column, please enter a use description in the next column.
5. For “Age of System”, please use the following instructions to determine what date to enter here: Using institutional records and knowledge, enter the **date**, e.g. (07/01/1998) that reflects the actual age or the average age of system as a whole. For example, for the average age: if half the system is 30 years old, and the other half is 10 years old, enter a date that is 20 years ago.

Once you complete the updates in the Excel spreadsheet, you can upload the completed spreadsheet back into the portal by returning to the M-R FIX Site Search page and click on the **‘Upload’** link.

Step 6: Review, verification and updating of existing M-R FIX records must be completed by close of business on Monday, September 1, 2025.

Please update all M-R FIX records by close of business on **Monday, September 1, 2025.**

Use the following **Search** fields, found at the top of the **Lease Search** page, to search or filter on your agency's NAAL record. Search fields are not case-sensitive and you can enter all or any portion of an ID or text. To clear Search field criteria, click on the **Reset** button.

- **Agency Code** – State Agency code
- **COVA Trax ID**: Unique ID for the Lease record assigned by our COVA Trax system (e.g. L-000001)
- **Agency User Status** - you can search three (3) ways using this field:
 - Empty Status – Lease records that need to be reviewed and updated by the Agency
 - No change needed – means agency user opened the record, copied the values from the previous year to the current year and saved the record (i.e. no change in lease terms)
 - Ready for REC MGMT (Records Management) – records that have been updated by your agency with at least one (1) change and are ready for DGS Records Management review
- **Property City**: City where leased property is located
- **Lease Name**: Name of Lease
- **Rec Mgmt User Status** - utilized by DGS only
- **Current Term Start Date and End Date**: Enter the date or choose the start and end date on the drop-down calendar of the lease you are trying to locate

Click **“Search”** to retrieve the Lease records or **“Reset”** to clear the fields and start a new search.

Step 4: Review, verify and update each of your agency's NAAL record(s)

From the **Lease Search** page, double click on the Lease Name in the summary grid to view an individual Lease record. The **Update an Existing Non-DGS/Agency Administered Lease** page (screenshot below) for that Lease record will open for you to make your annual updates.

You will notice on the **Update an Existing Non-DGS/Agency Administered Lease** page that you cannot make changes in the shaded fields in the top section and also in the middle section in the left column titled “Previous Fiscal Year 2025”. The following information must be updated. *To avoid losing your changes, be sure to click on ‘**Save**’ to close the record and return to the Search page.*

- **Fiscal Year 2026 data:**
 - If all or most of the information for Fiscal Year 2025 is the same for Fiscal Year 2026, click “**Copy**” to copy the information on the left into the boxes on the right for Fiscal Year 2026, and then make any necessary updates.
 - **Current Annual Rent** must be updated for Fiscal Year 2026. Enter the annual rent cost for Fiscal Year 2026, this would be total rent due for the period of July 1, 2025 through June 30, 2026 (e.g. 7600.00 or 20346.79).
 - If the information for Fiscal Year 2026 has changed dramatically, simply key in the new information in the right column of the middle section. Upload any supporting documents (amendments, option letters, etc.) *(For instructions on Uploading a Document, see page 57).*
- **Lease termination information:** If the lease has been terminated, please answer the question “**Has the lease been terminated?**” question located on the left side of the middle section. When you click in the “**Yes**” radio button a box will appear on the right side titled, “**Lease Termination Date.**” Enter the lease termination date or choose the date from the drop-down calendar. On the bottom of the page in the “**Upload Documents**” section, please upload the corresponding document (i.e. termination letter, etc.). *(For instructions on Uploading a Document, see page 57).*

➤ Please do not change the “**Revised Current Commencement Date.**”

**Note: Please do not zero out existing information when terminating a lease. You only need to update the “Lease Termination Date”.*

****Important:** To avoid losing your work, make sure to “**SAVE**” before uploading any documents. After you click “**SAVE**”, you will be redirected to the SEARCH/ SUMMARY screen. Reopen your lease record to make additional changes and/or **UPLOAD** documents.

Step 5: Repeat step 4 for each NAAL record listed for your Agency

Step 6: Add new NAAL

If a lease is not listed on your agency's grid, this means the lease record does not exist in COVA Trax and must be added by your agency. If you need to add a new lease, click on **"Add New"** on the Lease Search page.

In addition to the leased property location information, please include the following:

- **Agency Code** – State Agency Code
- **FIPS Code:** Federal Information Processing Standard Code (FIPS) or Region/Locality code
- **Lease Type:** Types of charges included in the Lease such as Base Rent, Taxes, and Insurance
- **Agreement Type:** Type of contract binding the lease, (e.g. Expense Lease, Income Lease, Temporary Transfer Agreement, License/Use Agreement, etc.)
- **Leased Area:** Enter the total square feet or acres (acre is for leased land)
- **Unit of Measurement:** Enter the leased area unit of measure. Options are Square Feet or Acre (acre is for leased land)
- **Agency Lease ID:** Internal agency lease number
- **Payable/Receivable Type:** If your agency occupies the space and pays the rent for this new lease, choose “Payable” or if another party occupies the space and your agency receives rent for this new lease, choose “Receivable”.
- **Latitude/Longitude:** If unknown, click on the globe beside “Latitude” or “Longitude” - this takes you to an external website (www.latlong.net) where you will enter the property address and click “Find” to identify those coordinates - copy and paste them into the COVA Trax Web Portal
 - **Note: Longitude should be a negative number (-)**
- **Lease Use:** Describes the type of lease activity such as Air Monitoring Station, Office, Retail, or State Park
- **Annual Rent:** Enter the annual rent cost for Fiscal Year 2026, this would be total rent due for the period of July 1, 2025 through June 30, 2026 (e.g. 7600.00 or 20346.79)
- **Head Count:** This information, which is required by Code, refers to the actual current population in the leased space and does not need to be a whole number if you have part-time employees in addition to full-time employees (e.g. 22.25)

*****It is important that you click “Save” after entering each new NAAL record or your changes will be lost.***

- Be sure to attach any documents for the new NAAL in the “**Upload Documents**” section (e.g., lease, license/use agreement, amendments, etc.)

*****Important:*** To avoid losing your work, make sure to “**SAVE**” before uploading any documents. After you click “**SAVE**”, you will be redirected to the SEARCH/ SUMMARY screen. Reopen your lease record to make additional changes and/or a **UPLOAD** documents.

Step 7: Upload or Delete Documents

Upload a Document:

1. Once you have **saved** and **reopened** your lease record, **click** on “**Choose File**” at the bottom of screen.
2. **Navigate** to the folder on your computer where the file is saved.
Click on the file. The **file name** will appear next to the “**Choose File**” button.

3. **Click** on the “**Document Upload**” button below the “**Choose File**” button. The **document name** and **username** will appear at the bottom right side of the screen.

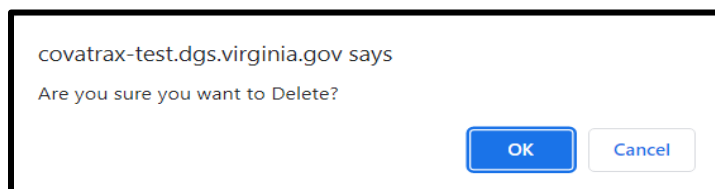

****Note:** When clicking on the “**Document Upload**” button, this action will automatically take you to the top of the screen. Scroll down to the bottom to return to the **Upload Documents** section.*

Delete a Document:

1. To **delete** your uploaded file, **click** on the **trash can** icon.

2. You will be prompted with a popup window that asks if you are sure you want to delete. **Click “OK”**. Your file should no longer be displayed at the bottom right side of screen.

Step 8: Review, verification and updating of existing Lease records and adding any new Lease records must be completed by close of business on Wednesday, October 1, 2025.

DGS must set a deadline in order to complete the mandatory reporting due to the requirements of the General Assembly. Please update all lease records by close of business on **Wednesday, October 1, 2025**. After that time, the COVA Trax Web Portal NAAL access will be closed. DGS is required to report on behalf of all agencies; therefore, non-responses will be noted in the report.
